## GENERAL PROVISIONS

1. The buyer declares that he has read and learned all the preliminary information regarding the basic characteristics, sales price, payment method and delivery of the product subject to the above mentioned contract.
2. The product subject to the contract is delivered to the buyer or the person or organization at the address indicated, within the period specified in the preliminary information, depending on the distance of the buyer's place of residence for each product, provided that it does not exceed the legal 30-day period.
3. If the contracted product is to be delivered to a person or organization other than the buyer, the seller is not responsible if the person or organization to be delivered does not accept the delivery.
4. The seller is responsible for the delivery of the contracted product in good condition, complete, in accordance with the qualifications specified in the order and together with the warranty documents and user manuals, if any. Shipping costs belong to the buyer.
5. For the delivery of the product subject to the contract, this contract must be signed and the sale price must be paid in the form of payment preferred by the buyer. If for any reason the price of the product is not paid or canceled in the bank records, the Seller is deemed to be relieved of its obligation to deliver the product.
6. The seller is obliged to notify the buyer of the situation if the product subject to the contract cannot be delivered within the period due to force majeure or extraordinary circumstances such as weather conditions preventing transportation, interruption of transportation.
7. In this case, the buyer can use one of the rights to cancel the order, replace the product subject to the contract with its precedent, if any, and/or postpone the delivery time until the obstacle is removed.
8. If the buyer cancels the order for the above reason, everyone will return what they bought. The seller will return the money and bills and checks received for the machine.
9. In the event that the products delivered to the buyer and/or the person and/or institutions that the buyer wants to be delivered are defective or broken, the relevant product or products are delivered to the Seller, starting from the date of receipt by the buyer, for the necessary repair or replacement within the warranty terms. Ships within the same day and shipping costs are borne by the seller. In such a case, if the 7-day period expires, the buyer has to take the product he has received to the relevant service.
